

Choose the workplace system, not the matching panel.

Most workplace technology decisions start with hardware compatibility.

The most successful workplace decisions start with people.

Generic Room Panel

 Room booking only

 Hardware-first

 Single touchpoint

 Limited visibility

 Device focus

 AV-dependent

 Meeting room only

Humly Workplace Platform

 Connected workplace experience

 People-first

 Multiple workplace journeys

 Workplace-wide visibility

 Experience focus

 Workplace-first

 Rooms, desks, visitors, and wayfinding

Why it matters

Better employee experience

Technology that people actually want to use.

Higher adoption

Solutions that drive engagement and everyday usage.

Greater visibility

Real-time workplace insights across your organisation.

Simpler management

One platform to manage every workplace experience.
